APPENDIX H

About the CD-ROM

The CD-ROM in the back of the book contains trial versions of applications, your choice of browsers, and a selection of images and style sheets—all designed to help you get a Web site developed quickly.

Included Software

The CD-ROM that accompanies this book contains demos or trial versions of the following products:

Software Name	*Vendor*
BBEdit Lite	Bare Bones Software, Inc.
DeBabelizer	Equilibrium
Dreamweaver 3.0	Macromedia, Inc.
Drop Stuff w/ Expander Enhancer	Aladdin Systems
Fireworks 3	Macromedia, Inc.
Flash 4	Macromedia, Inc.
Fusion	NetObjects, Inc.
GIF Movie Gear	Gamani Productions
GraphicConverter 3.2	Lemke Software
HomeSite	Allaire Corporation
HTML Tidy	Dave Raggett
PageMill	Adobe Systems, Inc.
Script Builder	NetObjects, Inc.
Tex-Edit Plus	Trans Tex-Software
TextPad	Helios Software Solutions
WebPosition Gold	FirstPlace Software, Inc.

These products fall into one of three categories of software: Web-development tools, Web-position evaluator, or Web-accessory development tools.

Several of the tools listed are the Web-development tools discussed in Chapter 8.

Browsers

Internet Explorer and Netscape Communicator are full-featured Web browsers. They are mentioned throughout this book. While you can download them from their respective Web sites, the file sizes are rather large. Installing from a CD is much faster.

Book files

A PDF version of this book is available on the CD-ROM. In order to open these files, you'll need to install Acrobat Reader, a product by Adobe, which also can be found on the CD.

Finally, there are files discussed in this book. These files are located within folders named by the chapter number in which they are referenced.
